

CERTIFICATION ELIGIBILITY CHECK LIST:
PLUMBERS, WASTE HAULERS

The following criteria must be followed and/or completed in order to qualify as an Irvine Ranch Water District Sewer Savvy business:

- No Sewer-related incidents for 24 months or more (as verified by IRWD)*
- Demonstrate Best Management Practices*
 - Maintain and/or monitor records to make sure clients comply with regulations related to drains, grease receptors and FSE guidelines
 - Keep a log of customer grease receptor cleanouts and maintenance
 - Use care when snaking lateral lines
 - Make public education a part of your job
- IRWD Alert*

Notify Irvine Ranch Water District immediately at 949-453-5300 if you see or run into a problem that could impact the District's sewer lines and/or system. This includes:

 - Hitting roots or other significant obstructions when snaking a pipe or lateral
 - Observing significant misuse or abuse of grease receptors and other collections devices
- Public Education*

Help to educate the public about Best Management Practices at home and at work:

 - Educate customers and HOAs about their responsibility to care for their lateral lines
 - Advise customers against the pouring of grease down drains, and/or the flushing of wipes, dental floss, plastics, sanitary napkins, tampons, cotton balls, condoms, diapers, cigarette butts and other items that do not disintegrate in water
 - Teach customers about proper disposal of fats, oils and grease, and encourage them to follow best management practices
 - Assist in the distribution and posting of IRWD handouts and materials, as necessary
